Associations and Other	231,379	6%
<b>Total Monetary Funding</b>	<u><u>3,592,696</u></u>	<b>100%</b>

CAR has a mixed portfolio of funding to support its mission. The majority of this funding (78%) from federal, state and local governments, foundation grants and proceeds from conferences are not directly sourced from industry.

A portion of CAR's funding is considered pass-through. The pass-through portion consists mainly of payments to outside vendors who assist with the conference activity.
